EdMark is the pinnacle of educational innovation, a comprehensive software solution meticulously crafted to revolutionize the operations and learning processes of your educational institute. Unlike any other system on the market, EdMark is not merely a digitization tool; it is a visionary approach to education, built by individuals with over 15 years of first hand teaching experience.

IOS

Android

You can make your own custom package of modules and features.

Comprehensive Solution

EdMark seamlessly integrates administrative operations and learning processes into one platform. From enrollment to assessment, financials to classes, EdMark has it all.

Innovation at its Core

We do not just digitize process; we create innovative, novel processes with powerful technologies like AI. With EdMark by your side, you will always be ahead of the curve.

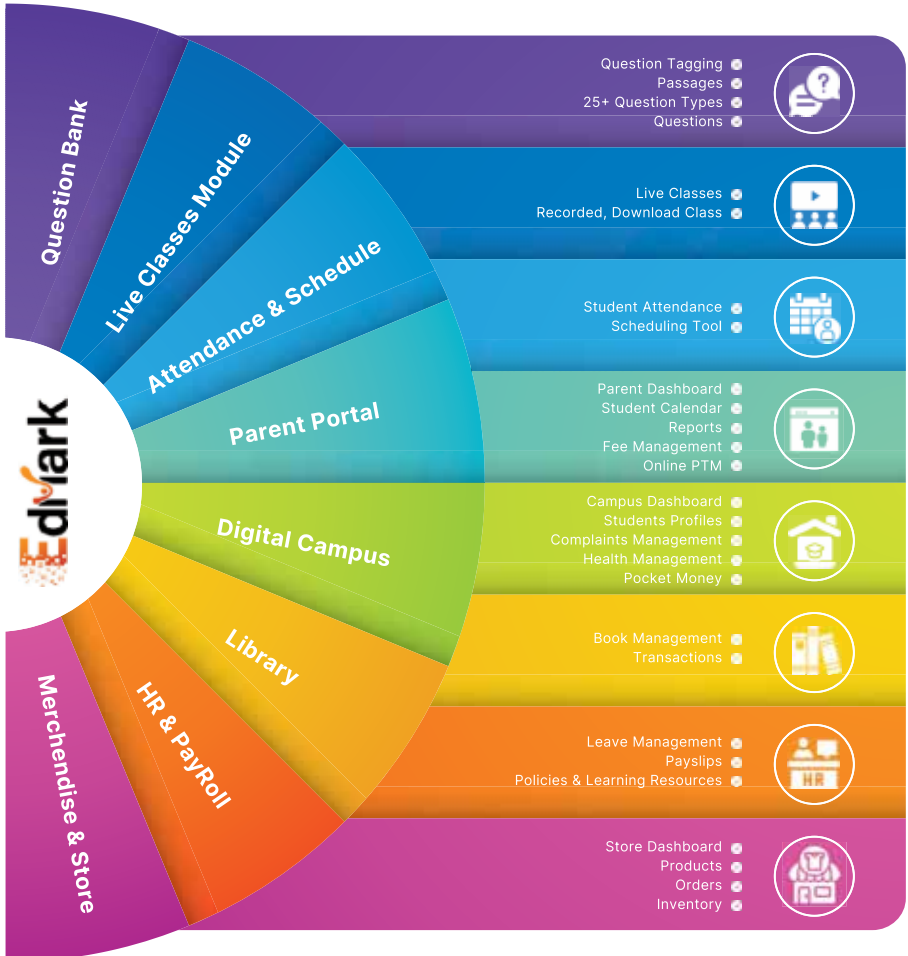

Empathetic Design

EdMark is designed, taking into consideration the challenges, aspirations, and comfort of the users. Our empathetic design makes the tool user-friendly and boosts productivity.

Practical Expertise

We are a tech company with education at the core, unlike other LMS providers who are merely tech platforms. EdMark is built by educators for educators.

International Baccalaureate®
Baccalauréat International
Bachillerato Internacional

MESSAGE

Established in 1968, the International Baccalaureate (IB) has been a pioneer in international education, offering four comprehensive programs for students aged 3–19. Emphasizing critical thinking and interdisciplinary study, the IB transcends disciplinary, cultural, and national boundaries, impacting over two million students across 160 countries in 5,500 schools. As a Knowledge Partner in the 4th edition of ET Tech X in Hyderabad, the IB, represented by Mr. Mahesh Balakrishnan, will share its educational philosophy. His presentation as a Guest Speaker will explore the transformative impact of an IB education in today's globalized world, aligning with the IB's commitment to advancing education and fostering dialogue on the evolving landscape of learning.

International Baccalaureate Organization
(Singapore Branch)

MESSAGE

Greetings and warm wishes!!

Welcome to the 4th Edition of the ET TECH X Conference, powered by Brainfeed, India's largest educational event. Since 2013, our mission has been to assist institutions in keeping pace with the latest advancements in educational technology, learning solutions, and educational leadership.

ET TECH X returns this year with expos, conferences, workshops, and awards, building on its record-breaking previous edition's success. Like the previous editions, ET TECH X unites education's best minds, institutions, and companies to explore the evolving landscape, drive insights, and overcome implementation challenges, fostering transformative teaching practices.

This year's conference on 'Teaching, Learning, and Leadership' offers a prime platform for educators and institutions to showcase and deliberate on cutting-edge educational innovations. Engaging with industry experts aids in assessing progress and staying updated with the latest advancements in education. Together, let's shape an impactful and transformative future in education as we unite and innovate forward.

Your invaluable support is pivotal as we redefine the future of education. We extend heartfelt appreciation to you and all contributors joining us in this collaborative journey.

MESSAGE

Welcome to our annual event 4th ET TECHX 2023, a gathering where the shining minds of the education fraternity assemble to network, buy-selling, awards, and of course share what they have learned since we last met. If it is your first time attending, then thank you for stepping into the education world! If you are a returning guest, then thank you for coming back! Whether you are attending for the first or the fourth, we treasure your trust in what we have to offer. We promise to make it worth your while.

As in the past, we have put together an energetic collection of conferences, workshops, seminars, speeches, and exhibitions to satisfy your appetite for learning and business. Our complete speaking schedule, guest lists and exhibitor list schedule appear in this catalogue. Please take a look and circle the session and exhibitors that interest you most.

We have swag exhibitor booths scattered throughout the hall. Stop by and take a look! We also have a cafeteria station to keep you hydrated and energized. If you cannot find your desired display during the event, our team members will ensure you have personal guidance.

My sincere thanks to all our partners, dedicated team of ET TECHX and Brainfeed, and once again to all the attendees.

Thank you again, and welcome!

Vivek Vikram

Aacharya Sports offers complete sport and fitness solutions for children from kindergarten to Grade 12. The Aacharya Sports program is a holistic and age-appropriate program for school students of various age groups designed to condition a healthy mind and to keep them active and fit. This conditioning prepares them for excellence in academics as well as facing life challenges.

We are a company founded by professionals with more than 15 years of experience of working with 250+ schools all over India with a vision to improve multi sports & fitness and provide unique opportunities to school children to explore and finally excel in sports like any other subject. Our team brings in a perspective which is researched based and backed up by team of sports experts, educators and professionals where we promise to bring out the best in our learners. Also, we strongly believe that Sports, Fitness and Physical education plays a vital role in building self-discipline, self-esteem, leadership, decision-making skills, physical & strong psychological skills.

The Aacharya Sports curriculum offers students opportunities to learn, practice and master a wide range of diverse skills and activities appropriate for children. The program is well integrated, reinforced and aligned with NASPE (National Association of Sports and Physical Education), PYP (Primary Years Program), NCERT (National Council for Education Research and Training) and CBSE (Central Board of Secondary Education) Standards.

Aacharya Sport's field-tested units can be implemented realistically in a variety of school settings, including those with limited space, equipment and supplies. It's a unique program designed with activities that are inclusive, highly active, integrate academics and wellness concepts and are fun for all the students.

The ActKidz theatre programme is carefully designed to help children/teens develop self-esteem, team-building skills, and learn the splendid craft of acting while equipping them with the tools they need to succeed in many areas of life.

It is not only about acting in drama classes. It's about your child's personality development and preparing them to express themselves freely and confidently in the world. Acting and improvisation allows us to express ourselves and our feelings without fear of being judged or ridiculed. Consider the numerous advantages that joining acting classes would provide for your child. Try it out right now, or give us a call to learn more about how we can help your child's future and personality development. Actkids is a unique blend of drama, art, and education that has existed since the beginning of time. According to the National Education policy, the aim of education will not only be cognitive development, but also building character and creating holistic and well-rounded individuals equipped with the key 21 st Century skills.

BENEFITS OF ACTKIDZ CLASSES:

- Enhance your public speaking and memorization abilities.
- Boost your self-esteem and confidence.
- Create a sense of community and make new friends.
- Stress and tension can be relieved through creative expression.
- Improve your communication skills, both verbal and nonverbal.
- Develop critical thinking and creative improvisational skills.
