

Recorder Program

The Best Way to start learning Music

Recorder Program –Objective

Provide schools with cost friendly, innovative, effective and fun based learning methodology for learning music.

What is a Recorder?

- The recorder is a small, plastic instrument that is easy to blow and finger. It is a great first instrument for young students.
- Students learn about basic musical concepts such as rhythm, melody, harmony, pitch, etc. and are introduced to basic note reading.
- The recorder is a great preliminary instrument to learning a band or orchestral instrument in subsequent years.

Why Recorder Program
