

KEYBOARD PROGRAM

THE *joy*
OF LEARNING *music*

WHAT IS KEY BOARD

Keyboard is a musical instrument which is operated by a number of adjacent depressible levers known as keys, arranged in white (known as naturals) and black (known as sharp/flat of the natural's).

The Keyboard enables a performer to play with single and multiple combination of notes at same time using both hands as required by the transcription. Keyboard is the most versatile instrument with large number of different instrument sounds and musical backing styles from all over the world which gives a great musical exposure to the player.

WHY YOUR SCHOOL SHOULD START KEYBOARD PROGRAM

THE KEYBOARD IS A VERSATILE INSTRUMENT

- This instrument produces the perfect melody and rhythm which is pleasing to the kid's ears
